

LPE CNC L92/LS3 head flow intake port, cfm

Intake Valve lift (inches)	0.200	0.300	0.400	0.450	0.500	0.550	0.600	0.650	0.700
Stock intake	156	226	276	294	310	324	332	332	308
LPE CNC intake, 4.065" bore*	156	228	280	300	320	336	346	352	340
LPE CNC intake, 4.125" bore*	158	230	282	302	322	340	350	358	344

*Flow differences are purely from the flow fixture bore size difference. The same CNC program/the same head/cylinder was tested on both bore sizes.
