- L650090206 C6 Z06 CORVETTE AIR INTAKE, 2006-2013
- L650100206 C6 ZO6 CORVETTE AIR INT W/PROGRMR/POWER PAC, 2006-2007
- L650120105 C6 CORVETTE AIR INDUCTION, MAGNUSON SC KITS, 2005-2007
- L650150309 C6 ZR1 CORVETTE AIR INTAKE KIT, 2009-2013

**WARNING:** Inspect inside of filter for any debris prior to installing in the vehicle. Be very careful during the remainder of the installation process to not let any dirt or objects fall into the filter.

**Filter service** - A filter service kit is available from LPE for cleaning and re-oiling the air filter (part number SB-88-0005). The correct amount of oil for this filter element is 39 grams (1.4 ounces) of oil. How frequently you should clean your filter will depend on your driving conditions. LPE recommends checking your filter at every oil change or 3,000 miles. If there is a build up of dirt as thick as the wire mesh, then LPE recommends you clean your filter. As dirt builds up on your filter, the restriction of the airflow also increases.
