

Lingenfelter 550HP C7 Corvette Heads & Cam Kit

Part Number: L280040114
Retail: \$3,999.95

Applications:

- 2014-2015 C7 Corvettes (LT1)

Description:

The Lingenfelter 550HP C7 Corvette Heads & Cam Kit is a complete heads and camshaft package for 2014-2015 model year C7 Corvettes that produces 550 HP and 500 lb-ft of torque. The kit is designed to be used with the stock OEM exhaust manifolds.

The kit includes virtually all of the required parts other than the engine calibration, including:

- Lingenfelter CNC ported LT1 cylinder heads using new OEM GM castings
- Lingenfelter GT30 camshaft (PN: L210306914)
- Lingenfelter double valve spring kit (PN: L230075897)
- Cam phaser limiter
- High flow air filter (for OEM airbox)
- Heavy duty hardened pushrods
- Head gaskets, exhaust gaskets, water pump gaskets and other misc OEM gaskets and sealant
- Head bolts, crank bolt (for both wet sump and dry sump applications) and camshaft bolt
- Lingenfelter 170 degree low temperature thermostat (PN: L310176914)

Professional installation and vehicle calibration highly recommended.

Features:

- 550 HP at 6300 RPM
- 500 LBS-FT at 4700 RPM

Benefits:

- Lingenfelter designed, developed and tested package of components designed to work together
- Engine dynamometer verified performance
- Increased horsepower and torque over stock
- Excellent driveability
